CHORUS

I'm ready to believe

No more people who deceive

It's his time to take the stage

It's our time to turn the page

I don't want to be feeling sad

I don't want to be feeling bad

Give us one good man

Who says yes

Yes we can

They say he must wait his turn

They say too much to learn

They say he should stand in line

It's their plan, not mine

CHORUS

I'm ready to believe

No more people who deceive

It's his time to take the stage

It's our time to turn the page

I don't want to be feeling sad

I don't want to be feeling bad

Give us one good man

Who says yes

Yes we can

Yes we can

Yes we can

Yes we can

They say it's a fairy tale

They say rolling dice can only fail
They say it will fall apart
He alone speaks from my heart

CHORUS

CHORUS

Can we see the future and not the past?
Yes we can
Can we come together and make a change?
Yes we can.
Can we really believe again?
Yes we can

We say, Now is the time
We say, This is the plan
We say, It takes one good man

Yes we can
